

**RE: ERF 076/Hillman**

Greetings WOODROCK residents:  
(Wednesday 16<sup>th</sup> November 18.00hrs)

We have just received confirmation that the applicant has formally amended the application by reducing the proposed density from 20 dwelling units per hectare to 10 dwelling units per hectare. In effect this would result in 4 x 1000m<sup>2</sup> erven which accords with our draft precinct plan.

Please find attached a copy of the extract from the Council agenda confirming same and also reflecting the recommendation of the Development Management Department of 10 dwelling units per hectare.

Consequently, it is no longer necessary for us to continue opposing this application. It follows that it is also no longer necessary for anyone to attend tomorrow's site inspection. Should you have any queries, please contact me.

Yours sincerely  
Wendy M. Robertson  
for and on behalf of WKRRRA  
Woodmead Khyber Rock Residents Association
